Dear John,

On behalf of the Board of Managers of St. Paul's Presbyterian Church, I would like to thank you for the very good work your company did on our recent roofing project in downtown Peterborough.

Your subcontractors, Barr's Roofing Siding and Sheet Metal, were proficient and professional and dealt well with the occasionally inclement weather. They kept the area very tidy and we were happy it all went so quickly after decisions were made about shingle types and so on.

We also appreciated the advice given on strapping and venting, downspout placement, and other matters that would improve the viability of the shingling. We thank you again, and would not hesitate to recommend your company for other work of this type in future.

Yours sincerely,
